Before Yellow Volume: the VDA Quality Management Committee (QMA) has commissioned the project group and confirmed its work

Yellow Volume Phase: The result of the PG mission (draft VDA Volume) is published for three months on the homepage of the VDA QMC for feedback from the industry  
after Yellow Volume: feedback phase ended, finalising of Red Volume according to feedback

Publication: After the end of the Yellow Volume Phase and approval by the QMA, the new VDA volume will be published <http://webshop.vda.de/qmc>

After approval of the final VDA volume (red or blue-gold), the VDA volumes are usually available in the webshop after 8-12 weeks.

## Current VDA QMC Working Groups (WG)

Working groups are assigned if a topic requires a continuous processing rather than a project-related one.

Title	Topic of Working Group
WG 13 Automotive SPICE®	Development Process Assessment Model PAM 4.0 and Guidelines, Synchronization SW topics in VDA QMC Project Groups
WG CoP	Exchange of views on new legislation/guidelines regarding CoP at OEM and in the supply chain
